Summary

I am a Computer Science student with a strong foundation in programming, data structures along with a growing interest in Machine Learning and Artificial Intelligence. I am seeking a challenging role to my technical skills to develop intelligent systems and AI-powered applications. I am highly motivated to learn advanced ML/AI concepts, collaborate with teams, and grow in fast-paced, innovation-driven environments.”

Skills

Programming Languages: Python, C++

Machine Learning: Supervised Learning, Unsupervised Learning, Model Evaluation, Feature Engineering, Regression, Classification

Libraries / Tools: NumPy, Pandas, Matplotlib, Scikit-learn

Data Handling: Data Cleaning, Data Preprocessing, Exploratory Data Analysis (EDA)

Mathematics: Linear Algebra, Probability, Statistics

Tools & Platforms: Jupyter Notebook, Google Colab, Git & GitHub

Coding Profiles

- **LeetCode:** leetcode.com/Ankittkr_21
- **GitHub:** [GitHub.com/Ankittkr](https://github.com/Ankittkr)

Projects

Banking Risk Analysis – Credit Risk Prediction & Loan Recommendation System Jun 2026

Tools: Python, Scikit-Learn, NumPy, Pandas, Matplotlib, Streamlit, Kaggle

- Developed a **machine learning-based banking analytics platform** using **Logistic Regression** and **Linear Regression** for **credit risk classification** and **loan amount prediction**.
- Built and deployed an **interactive Streamlit web application** enabling **real-time customer risk assessment** and **loan recommendation**.
- Trained and evaluated predictive models on the **German Credit Dataset** using **Scikit-Learn**, incorporating **data preprocessing**, **feature engineering**, and **model validation**.
- Created **analytical dashboards** with **financial data visualizations**, **risk distribution insights**, and **customer profile exploration** to support **lending decisions**.

Achievements

- **Top 50 Team – Web of Innovation Hackathon 2025:** Ranked among top 50 teams for building an innovative web solution (Certificate).

Certification

- **Coursera – Supervised Machine Learning: Regression and Classification (DeepLearning.AI):** Certificate.

Education

B.Tech. in Computer Science Engineering

National Institute of Technology, Patna

Expected Graduation: 2028

CGPA: 8.56 / 10
