Summary

I am an aspiring Computer Science student with a strong foundation in programming and web technologies. Seeking a challenging role to apply technical skills and contribute to innovative software projects. Motivated to learn, collaborate, and grow in fast-paced development environments.

Skills

Programming Languages: C, C++, Java, JavaScript, Python

Technologies: HTML, CSS, React.js, Node.js, Express.js, MongoDB, Tailwind CSS

Tools & Platforms: Git, Postman, VS Code

Coding Profiles

- **LeetCode:** leetcode.com/Ankittkr_21

Experience

Frontend Lead – Web Development Cell, NIT Patna

March 2026 – Present

National Institute of Technology, Patna

- Led frontend development for multiple student-driven web projects, ensuring responsive and user-friendly UI/UX design.
- Collaborated with backend teams to integrate REST APIs using JavaScript and React.js.
- Standardized UI components and design practices, resulting in consistent and maintainable codebases.
- Actively contributed to project planning, feature design, and debugging in agile team environments.

Projects

PulseTune: Web Music Player

Jun 2025

Tools: HTML, CSS, JavaScript

- Developed a responsive web-based music player with dynamic playlists and real-time controls.
- Implemented custom audio logic including seek bar, volume control, and track navigation.
- Included metadata such as type, category, reference, date, and description.
- Designed a modern dark-themed UI optimized for desktop and mobile devices.
- Managed song data using structured folders and JavaScript DOM manipulation.

Secure User Authentication System

WDC Induction 2026

Tools: Node.js, Express.js, MySQL, JWT, bcrypt

- Developed a secure RESTful backend API implementing user authentication and authorization using JWT with access tokens and refresh tokens for secure session handling.
- Implemented signup and login APIs with bcrypt password hashing and input validation.
- Implemented logout and token refresh endpoints with HTTP-only cookies for improved security.
- Designed and integrated MySQL database for storing user data and refresh tokens.

Achievements

- **Top 50 Team – Web of Innovation Hackathon 2025:** Ranked among top 50 teams for building an innovative web solution (Certificate).

Education

B.Tech. in Computer Science Engineering

Expected Graduation: 2028

National Institute of Technology, Patna

CGPA: 8.56 / 10
